

THE BRITISH ATHLETES COMMISSION LIMITED

BAC Membership & Benefits Scheme

At the 2007 BAC athlete conference, athletes tasked the BAC with setting up a membership and benefits scheme which would provide significant savings on the cost of living to the athletes, and would provide the BAC with a source of independent income, thus strengthening its position as the independent voice of the athletes.

Below is an overview of the benefits and services available to those athletes that sign up to the BAC as full members.

We work closely with appointed athlete reps in each sport to ensure that the views and opinions of the athletes are being heard by their respective governing bodies. We will also represent and help guide the athlete in any disputes with a governing body i.e. debates over funding, selection criteria, etc.

Under our Mentoring Network a Mentor, with the appropriate experience, may be assigned to deal with the case.

You will be invited to the BAC networking events, these take place throughout the year at locations nationwide. The last event was a boat party on the Thames going up through Tower Bridge.
